MEMORANDUM FOR THE RECORD

SUBJECT: Presidential Libraries Inquiry from
Executive Office

1. On Friday afternoon 28 January I was called by Miss Joan Corbett on the staff of Mr. John Nesbitt in the Executive Office, Presidential Papers Staff. (145-2545).

2. Miss Corbett asked if CIA would retain a record copy of the China Atlas it furnished to the President for his trip. I said it was standard policy to retain a master copy of each publication. She asked if that would include the classified section too. I said I had not seen the Atlas but that the file should include a complete set.

3. I informed [redacted] of the inquiry and was asked to notify [redacted] of it. I called and found [redacted] on Jury Duty so I gave the information to his deputy, [redacted] who will check and ensure that the DDI Presidential Collection includes a complete record copy of the China Atlas.
